Printing date 02.02.2024

1 Identification

- · Product identifier
- · Trade name: <u>DCT FLUID MV</u>
- **Relevant identified uses of the substance or mixture and uses advised against** No further relevant information available.
- **Application of the substance** / **the mixture** Only for proper handling. Gear Oil
- Details of the supplier of the safety data sheet
 Manufacturer/Supplier:

MOTOREX AG Bern–Zürich–Strasse 31, Postfach CH–4901 Langenthal Tel. +41 (0)62 919 75 75 www.motorex.com

A1 Accessory Imports 60-62 Burchill St. Loganholme 4129 QLD Australia Phone : 07 3451 1300

- · Further information obtainable from: msds@motorex.com
- Emergency telephone number:

In case of a medical emergency following exposure to a chemical, call Poisons Information Centre Australia 13 11 26

2 Hazard(s) Identification

• Classification of the substance or mixture The product is not classified, according to the Globally Harmonised System (GHS).

- · Label elements
- · GHS label elements Void
- · Hazard pictograms Void
- · Signal word Void
- · Hazard statements Void
- · Precautionary statements
- P101 If medical advice is needed, have product container or label at hand. P102 Keep out of reach of children.
- P103 Read label before use.
- · Other hazards
- · Results of PBT and vPvB assessment
- **PBT:** Not applicable.
- · vPvB: Not applicable.

3 Composition and Information on Ingredients

· Chemical characterisation: Mixtures

· **Description:** Mixture of substances listed below with nonhazardous additions.

 Dangerous components: 		
	Lubricating oils (petroleum), C20-50, hydrotreated	50-70%
	neutral oil-based	
Index number: 649-483-00-5 🗚	Asp. Tox. 1, H304	
	Distillates (petroleum), solvent-dewaxed heavy	1-2.5%
	paraffinic	
Index number: 649-474-00-6 🗚	Asp. Tox. 1, H304	
•		Contd. on page 2)

Printing date 02.02.2024

Trade name: DCT FLUID MV

		(Contd. of page 1)	
CAS: 72623-86-0	Lubricating oils, C15-30, hydrotreated neutral oil-	≥0.25-≤2.5%	
EINECS: 276-737-9	based		
Index number: 649-482-00-X	Asp. Tox. 1, H304		

Additional information:

Note L: The classification as carcinogen does not apply because the mixture (or substance) contains less than 3% dimethyl sulfoxide extract (DMSO), measured according to IP 346. For the wording of the listed hazard phrases refer to section 16.

4 First Aid Measures

- · General information: No special measures required.
- After inhalation: Supply fresh air; consult doctor in case of complaints.
- After skin contact: Generally the product does not irritate the skin.
- After eye contact: Rinse opened eye for several minutes under running water.
- · After swallowing: If symptoms persist consult doctor.
- · Information for doctor:
- Most important symptoms and effects, both acute and delayed No further relevant information available.
- Indication of any immediate medical attention and special treatment needed No further relevant information available.

5 Fire Fighting Measures

- Suitable extinguishing agents: Use fire extinguishing methods suitable to surrounding conditions.
- · Special hazards arising from the substance or mixture No further relevant information available.
- · Protective equipment: No special measures required.

6 Accidental Release Measures

• Personal precautions, protective equipment and emergency procedures Not required. • Environmental precautions:

Do not allow product to reach sewage system or any water course. Inform respective authorities in case of seepage into water course or sewage system. Do not allow to enter sewers/ surface or ground water.

- Methods and material for containment and cleaning up: Absorb with liquid-binding material (sand, diatomite, acid binders, universal binders, sawdust). Dispose contaminated material as waste according to section 13.
 Reference to other sections
- See Section 7 for information on safe handling. See Section 8 for information on personal protection equipment. See Section 13 for disposal information.

7 Handling and Storage

- · Handling:
- · Precautions for safe handling No special measures required.
- · Information about fire and explosion protection: No special measures required.
- · Storage:
- · Requirements to be met by storerooms and receptacles: No special requirements.
- Information about storage in one common storage facility: Not required.
- · Further information about storage conditions:
- The recommended storage temperature is (deg.C): ≤50°C
- · Storage class: 10

· Specific end use(s) No further relevant information available.

8 Exposure controls and personal protection

• Additional information about design of technical facilities: No further data; see section 7. • Ingredients with limit values that require monitoring at the workplace:

The product does not contain any relevant quantities of materials with critical values that have to be monitored at the workplace.
